EG – Stated you guys had a chance to read the letter. I think it's really important, a lot of these are coming up right now, everybody is expanding their foot print or getting the paperwork to match the footprint on the ground so I think it's a good time to keep reiterating, public access and take care of your spaces, which is the point I really wanted to make in this letter in a nice way. I think we did that.

DG – Stated the letter is nice.
