Re: New wheelchairs (FREE) for Nevada residence

The Wheelchair Foundation Nevada Chapter is back since 2006 after distributing close to 10,000 wheelchairs statewide to our residence who need one but can't afford one. We need your support by indorsing and helping get the word out that we are here if needed. The NWF 2020 goal is the same if a Nevada residence needs a wheelchair and can't afford one, one will be given to them free. Must be for permanent use. Your community needs us and we need them please check our website www.nevadawheelchairfoundation.org our contact john@nevadawheelchairfoundation.org or call 702-847-6250.

Sincerely,

John E Williams
Wheelchair Foundation-Nevada Chapter Director
