### **SOCIAL SECURITY BENEFITS INCREASE IN 2022**

**By Annie Walters**

**Social Security Public Affairs Specialist in Nevada**

Approximately 70 million Americans will see a 5.9% increase in their Social Security benefits and Supplemental Security Income (SSI) payments in 2022. Federal benefit rates increase when the cost-of-living rises, as measured by the Department of Labor's Consumer Price Index (CPI-W).

The CPI-W rises when inflation increases, leading to a higher cost-of-living. This change means prices for goods and services, on average, are a little more expensive, so the cost-of-living adjustment (COLA) helps to offset these costs.

We will mail COLA notices throughout the month of December to retirement, survivors, and disability beneficiaries, SSI recipients, and representative payees. But, if you want to know your new benefit amount sooner, you can securely obtain your Social Security COLA notice online

using the Message Center in your *my Social Security* account at [www.ssa.gov/myaccount](http://www.ssa.gov/myaccount). You can access this information in early December prior to the mailed notice.

If you prefer to access your COLA notice online and not receive the mailed notice, you can log in to your personal *my Social Security* account at [www.ssa.gov/myaccount](http://www.ssa.gov/myaccount) to opt out of a mailed COLA notice and any other notices that are available online by updating your Preferences in the Message Center. Did you know you can receive a text or email alert when there is a new message waiting for you? That way, you always know when we have something important for you – like your COLA notice. If you don't have an account yet, you must create one by November 17, 2021, to receive the 2022 COLA notice online.

January 2022 marks other changes that will happen based on the increase in the national average wage index. For example, the maximum amount of earnings subject to Social Security payroll tax in 2022 will be higher. The retirement earnings test exempt amount will also change in 2022 and you can view that at [www.ssa.gov/news/press/factsheets/colafacts2022.pdf](http://www.ssa.gov/news/press/factsheets/colafacts2022.pdf).

Be among the first to know! Sign up for or log in to your personal *my Social Security* account today. Choose email or text under “Message Center Preferences” to receive courtesy notifications.

You can find more information about the 2022 COLA at [www.ssa.gov/cola](http://www.ssa.gov/cola)

### **WOMEN AND SOCIAL SECURITY**

**By Annie Walters**

**Social Security Public Affairs Specialist in Nevada**

More women work, pay Social Security taxes, and earn credit toward monthly retirement income in the 21st century than at any other time in our nation's history. Women, on average, also face greater economic challenges in retirement than men.

Women generally live longer than men while often having lower lifetime earnings. Women may also reach retirement with smaller pensions and other assets compared to men. These are two key reasons why Social Security is vitally important to women.

Women and men may receive benefits based on their own work record or their spouse's. If you are a woman and you've worked and paid taxes into the Social Security system for at least 10 years, and have earned a minimum of 40 work credits, you may be eligible for your own benefits. Once you reach age 62, you may be eligible for your own Social Security benefit whether you're married or not and whether your spouse collects Social Security or not. If you're

eligible and apply for benefits on more than one work record, you generally receive the higher benefit amount.

It's never too early or too late to start saving and planning for retirement. We have specific information for women at [www.ssa.gov/people/women](http://www.ssa.gov/people/women). You can also read the publication *What Every Woman Should Know* at [www.ssa.gov/pubs/EN-05-10127.pdf](http://www.ssa.gov/pubs/EN-05-10127.pdf).
